Description

Dear Sören and Olav

The codelist for PartyID types accepted in SML is being updated including identifiers such as:

- DIGST 0184
- DIGSTORG
- BE:CBE 9956
- Belgian Crossroad Bank of Enterprises
- FR:VAT 9957
- French VAT number

These code values are already deployed for use in the SML.

I understand the these codes a validated in PEPPOL BIS schematron and I suggest to add them in the
