Cannot express an official position from OpenPEPPOL AISBL without a specific mandate/approval from the MC. Cannot formerly represent OpenPEPPOL at any event without a specific mandate from the MC.

Local PEPPOL Authorities
National/Local strategies, structures, policies and procedures for implementing PEPPOL, as well as outcome, achievements and experience on a national level.

Can express themselves freely on locale conditions. Can pass the official information from OpenPEPPOL AISBL. Can talk about what is going on in OpenPEPPOL and their national perspective on this.

Cannot express an official position from OpenPEPPOL AISBL without a specific mandate/approval from the MC. Cannot formerly represent OpenPEPPOL AISBL at any event without a specific mandate from the MC.

OpenPEPPOL Communication Policy
in a glance – main principles

The main principles in the OpenPEPPOL Communication Policy are:
OpenPEPPOL has to approve all official material to be disseminated at an event.

It should be absolutely clear and transparent when material and statements comes from OpenPEPPOL or from an OpenPEPPOL member company.

"Statements" – Only people selected by OpenPEPPOL members or appointed by MC can represent OpenPEPPOL officially.

Articles, presentations and any text in printing or on a web site that resembles OpenPEPPOL official statements, has to be approved by MC in forehand to dissemination or posting.

Promotion and advertising:
OpenPEPPOL material / presentation cannot contain commercial adverts and advertisements.

OpenPEPPOL members can use their position within their company to promote OpenPEPPOL but it is prohibitive that they do not promote their own company.

Use of logo:
The OpenPEPPOL logo is not to be used by any OpenPEPPOL member as part of commercial advertising.

When accredited, a Certified Access Point Provider is allowed to use the Access Point logo in their material.

Access Point Providers the logo for certified Access Point Providers are obliged to provide a link to the list of Certified Access Point Providers on www.peppol.eu

When the Service Metadata Provider Accreditation process is implemented, they are also obliged to link to the www.peppol.eu
